W	6:30-9pm	11/4	TBD	1	\$30

Modern Portfolio Theory

What is modern portfolio theory and does it work? Value and Growth, this is not your father's stock market anymore, but size still counts.

Topics:

- New stock categorizations (what they mean and why they are important).
- Intermarket relationships: commodities, interest rates and stocks
- Mutual funds or Exchange Traded Funds (which is better, why?) **In person.**

Day	Time	Date	Site	Sess.	Fee
W	6:30-9pm	10/21	TBD	1	\$30

Advanced Technical Analysis

We expand our money discussion to sideline money in its various domestic (Margin, MZMI forms and International Capital flows). We begin the discussion of the economy.

- Money moves stock prices (how we monitor money flows).
- Foreign money (does it matter?).
- How to tell when speculation is driving the markets.
- Does the economy matter (monitoring the Fed through FRED)? **In person.**
