HIGH SCHOOL EQUIVALENCY

What is a High School Equivalency (HSE)? In California, adults who left high school before graduation have another way to secure a high school equivalency credential. There are two HSE exams, the HiSET and the GED.

What does a HSE credential mean for me?

It means that, through testing, you can demonstrate you have the same skills and knowledge as a high school graduate. Once you pass the test, the California Department of Education will issue you a high school equivalency certificate.

We offer free classes to prepare you to pass one of the two exams, the HiSET and the GED.

How do I start?

It's easy to start! Come to one of our weekly orientations, call us at (408) 423-3500 for the schedule.

Do you offer the official HSE exams?

We offer the official HiSET exam and paper. We can provide you with information about other locations for the GED exam. Financial aid may be available for the HiSET exam. Please see your instructor for more information.

What is the schedule?

Monday-Friday, 9:00am-12:00pm

PRESCHOOL AND PARENT EDUCATION

Wilson Preschool is a parent participation and parent education preschool where parents and children learn together. We use a developmentally-appropriate curriculum based on the HighScope model where children learn through hands-on experiences and active play. We respect and celebrate our families' diversity and provide a safe and nurturing environment. Parents actively participate in their children's classrooms once a week. Through their participation, parents learn ways to foster their children's social, emotional, physical, intellectual and creative development.
